Protector Plus PPO Plan
Flexible PPO

Want a health insurance plan that can be custom built to fit your needs? Look no further than Protector Plus! The in-network plan design gives you access to thousands of providers, while keeping the premium payments affordable. The array of options ensure you only pay for the benefits you need.

Protector Plus PPO Plan Powered By One of the Nation's Largest PPO Networks!

If you like the ability to control the cost of your premium, choose between health care providers in your area *and* benefit from the cost savings of visiting an in-network provider, you're not alone. In fact, in a recent survey of people with private health insurance coverage, over **85%** of the respondents chose a PPO (Preferred Provider Organization) plan over any other option.

But your PPO plan is only as good as the network behind it. That's why United Security Life and Health is proud to feature one of the largest and most recognized networks in the industry - the Aetna Signature AdministratorsSM PPO Network.

Of course, your Protector Plus Plan will cover you no matter where you receive care. However, to take advantage of the highest level of benefits, you should receive treatment from a health care provider in your network. Doing so will provide you with advantages like discounts on services and fewer out-of-pocket expenses.

Finding a network provider should not be a problem, either. The Aetna Signature AdministratorsSM PPO Network now offers more than 689,000 providers and 6,100 facilities to choose from nationwide!

Is your doctor one of the 689,000 providers in the Aetna Signature AdministratorsSM (ASA) PPO Network? See for yourself!
